

# SEIF ALLAH BEN AHMED

full stack web developer

## EDUCATION

### Web Development Certification (MERN stack)

#### Go My Code - Tunis

**Go My Code is a web development training school (MERN stack).**

The Full-Stack Javascript program mainly consists of acquiring new technical skills in web development to be able to create a MERN application to be ready for real world company projects.

Participate in organized daily stand-up meeting with your team to help future developers improve and sharpen their communication skills as well as their soft skills.
